PROFILE

I have a B.Sc. in Information Technology and I am studying for an M.Sc. at Tampere University. I have experience in IT support, and in my projects I combine my broad skills in programming, networking and different operating systems. In my free time I am passionate about handcrafts and unwind by trail running.

WORK EXPERIENCE

IT Support Assistant, on-site support, Tampere University, Tampere — 06/2026

Provided IT support to applicants in the university's entrance exams: solving technical problems, customer service and managing spare devices.

Cleaner, Winclean Oy, Tampere — 08/2022–06/2025

Independent cleaning at various sites, such as offices and a school.

Room Attendant, SOL Henkilöstöpalvelut Oy (Scandic Hotels), Tampere — Summers 2021 and 2022

Customer service, cleaning hotel rooms and working afternoon shifts independently.

PROJECTS

aadaharma.com: web tools for fibre arts — 10/2026–present

Browser-based tools for designing craft patterns. I defined the features, built the site with Claude Code and published it on Vercel.

- **Automation:** automated the creation of pull requests and developed independent features in parallel with AI agents.
- **Technologies:** Next.js, PostgreSQL, Vercel. Source code: github.com/aadaharma/aadaharma-site

Game development project, Rake Entertainment — 11/2023–present

Developing a game with Unity in a team of seven. I program features in C#, such as the in-game currency logic. GitHub: github.com/Rake-Entertainment

Pi-hole DNS server for a home network — 04/2026–present

DNS server and ad blocker for my home network on a Raspberry Pi (Alpine Linux), managed remotely over SSH.

EDUCATION

M.Sc. (Tech.), Information Technology — expected 06/2028

Tampere University. Major in Communications Engineering, minor in Business Studies.

B.Sc. (Tech.), Information Technology — 08/2023–09/2026

Tampere University. Major in Communications Engineering, minor in Software Development.

Bachelor's thesis (in Finnish): *Using Radar to Prevent Deer Collisions in Traffic*, grade 5/5
